Subject: Nomination of Experts to Augment Radiation Advisory Committee for Review of MARSSIM
Attachments: Nominations of Experts to Augment May 14 2020-10414.pdf

Hello Brad,

Thanks for your participation in the SACC review of asbestos.

I am still forming a panel for EPA Science Advisory Board peer review EPA's draft Multi-Agency Radiation Survey and Site Investigation Manual, Revision 2. The FR notice for request for nominations of experts for this review is attached.

Specifically, I am looking for geologist/hydrologist with experience with radionuclides on this panel.

The meeting will be a virtual meeting, probably be in September/October timeframe.

I do not know if you want to be consider for this panel. Otherwise, can you suggest names of some geologist/hydrologist who may be good candidates for this review? Thank you very much.

Best Regards,
Diana
